HRSA Health Center Program

Applicant Types

Competing Continuation	A current Health Center Program (H80) award recipient applying to continue serving its current service area.
Competing Supplement	A current Health Center Program (H80) award recipient applying to serve an announced area by adding one or more new, full-time, permanent service delivery sites to serve the additional service area.
New	An organization not currently funded through the Health Center Program applying to serve a service area listed in the Service Area Announcement Table (SAAT).

HRSA Health Center Program

Summary of Changes

- The Project Narrative and corresponding Review Criteria have been updated.
- The page limit has been updated to 120 pages.
- The patient target for each service area has been updated to reflect the total number of unduplicated patients reported in the 2024 Uniform Data System by the current awardee.
- Award recipients will be awarded a 4-year period of performance.
- All public agencies must submit Attachment 6: Co-Applicant Agreement.
- HRSA has designated all service areas as either urban or rural on the Service Area Announcement Table (SAAT). Applicants must address this designation in the Need section of the Project Narrative and Form 1A: General Information Worksheet.
- On Form 1C: Documents on File, applicants must verify they have policies/procedures in place, consistent with E.O. 14273, to make insulin and injectable epinephrine available at or below the discounted price to individuals with low incomes.

Service Area Announcement Table

Service Area Announcement Table (SAAT)

The SAAT lists service areas that are announced under each SAC NOFO. The table includes:

- The Service Area ID for each service area.
- The patient target for each service area (see the Patient Target resources on the SAC Technical Assistance Webpage).
- Zip codes for each service area and the percentage of current patients who live in each zip code.
- Total funding available and the required funding distribution across the special medically underserved populations (CHC, MSAW, HP, and RPH) in each service area.
- Service types (Medical, Dental, Mental Health, Substance Use Disorder, Vision, Enabling) that are currently provided in each service area.
- Map of the service area.

FY 2026 SAAT Update

- HRSA has designated all service areas as either urban or rural. HRSA defines the service area as rural if 40% or more of the area's zip codes are designated rural by the Federal Office of Rural Health Policy (FORHP).
- This designation can be found in the SAC ID Information table, labeled Service Area Type.
- Refer to this designation when responding to the related question in the Need section of your Project Narrative and Form 1A: General Information Worksheet.

Program Eligibility

Eligibility Requirements (1/4)

Requirement	What We Check
You must be a private, nonprofit entity or a public agency in the United States or its territories. Tribal and urban Indian organizations may apply. Refer to Chapter 1: Health Center Program Eligibility of the Compliance Manual.	• Attachment 11: Evidence of Nonprofit or Public Agency Status for new applicants
You must propose to provide all required health services as outlined on Form 5A: Services Provided. All services must be provided without regard for the ability to pay. You may not propose to provide only a single service or any subset of the required primary health care services.	• **Form 5A: Services Provided** (Columns 1, 2, and 3) • Sliding Fee Discount Schedule
You must provide general primary medical care directly and/or through contracts the health center pays for.	• **Form 5A: Services Provided** (Columns 1 and 2)

HRSA Health Center Program

Eligibility Requirements (2/4)

Requirement	What We Check
You must perform a substantive role in the project. When determining if you perform a substantive role in the project, HRSA will consider whether: • Most of your clinical and administrative functions are provided through direct employment, contractors, or a single affiliated or related organization. • Most of your key management staff (CEO, CMO, CFO, etc.) are directly employed by you. (Note: the CEO must be directly employed by you). • Your relationships or agreements with other entities restrict or infringe upon your board's required authorities and functions. • Your key management staff or board members also work for an organization that provides financial or other support that creates any type of ownership, control, or operational relationship (parent company, affiliated subsidiary) which may create conflicts of interest.	• Project Narrative Capacity section • Budget Narrative • Attachment 2: Bylaws • Attachment 6: Co-Applicant Agreement • Attachment 7: Summary of Contracts and Agreements (as applicable) • Attachment 8: Articles of Incorporation (as applicable) • Form 5A: Services Provided (Column 1) • Form 8: Health Center Agreements and its attachments

HRSA Health Center Program

Eligibility Requirements (3/4)

Requirement	What We Check
You must make services accessible to all. You may not propose to serve only a single age group or address a single health issue or disease. If you propose a site that targets only a sub population (for example, a school-based site), you must explain how you will make all required services available to the entire underserved population in the service area.	• Project Narrative Response section
New or competing supplement applicants must propose at least on new full time (open at least 40 hours per week) permanent fixed building service site. • "Service site" is defined in Policy Information Notice 2008-01. • You may not propose a site that is in the same building as a site that is included in the Scope of Project of an existing Health Center Program Awardee or a Health Center Program Look Alike. • If you propose to serve only migratory and seasonal agricultural workers, you may propose a full time seasonal (rather than permanent) site.	• The valid street address on Form FB: Service Sites and the proposed hours of operation for each site.

HRSA Health Center Program

Eligibility Requirements (4/4)

Requirement	What We Check
RESIDENTS OF PUBLIC HOUSING (RPH) APPLICANTS: **New or competing supplement applicants** applying for RPH funding must show that you consulted with public housing residents as you plan your new site(s). You must also explain how you will have ongoing input from public housing residents.	• Project Narrative COLLABORATION section
HOMELESS POPULATION (HP) and RESIDENTS OF PUBLIC HOUSING (RPH) APPLICANTS: **New or competing supplement applicants** applying for HP or RPH funding must use this funding to supplement, and not supplant, the expenditures of the health center and the value of in-kind contributions for the delivery of services to these populations.	• Attestation on the Summary Page

HRSA Health Center Program

Service-Area Related Eligibility Requirements

Requirement	What We Check
You must provide continuity of care to patients in an announced service area. You must:	
• **Service Area ID:** Include the three-digit service area ID number from the SAAT that is announced under this NOFO.	• Project Abstract and Summary Page
• **Patients:** Project to service at least 75 percent of the SAAT Patient Target.	• The total number of unduplicated patients projected in the assessment period on Form 1A: General Information Worksheet
• **Services:** Project to serve patients in all service types listed on the SAAT for your proposed service area (Medical, Dental, Mental Health, Substance Use Disorder, Vision, Enabling).	• The patients listed for each service type on Form 1A General Information Worksheet
• **Service Area ZIP Codes (New or Competing Supplement Applicants):** On Form 5B, enter a combination of SAAT Service Area ZIP codes that total at least 75% of the ZIP Code Patient Percentage column. If the SAAT does not advertise ZIP codes where 75% of current patients reside, you must propose to service all SAAT-advertised ZIP codes for the service area. **Current Service Area ZIP codes will auto-populate for Competing Continuation applicants.**	• The ZIP codes listed on Form 5B: Service Sites (administrative-only sites will not be considered)
• **Special Medically Underserved Populations:** Propose to maintain services to all currently funded special medically underserved populations, including migratory and seasonal agricultural workers, homeless populations, residents of public housing. You will do this by maintaining the funding distribution of those population types listed in the SAAT where the funding level is not $0 and by proposing patients for each funded population type.	• The funding distribution on the SF-424A: Budget Information Form and number of patients for each population type on Form 1A General Information Worksheet.
